In applying these criteria

5)	<p>When applying the criteria in priority order, priority within each criterion will be given, in order, to:</p> <ul style="list-style-type: none">a) children with a brother or sister who will be attending Broadoak Mathematics and Computing Collegeb) for children living within Broadoak Mathematics and Computing College's First Geographical Area only: Children with a brother or sister within the same year group (for example twins or triplets).c) children living closest to the College. The distances will be measured in a direct line between the address point of the child's home and the main entrance marker for the College, indicated on NSC computerised system(s). <p>Where the College is named in a child's Statement of Special Educational Needs or Education, Health and Care Plan, the Admission Authority is legally required to admit the child to the College. Where Broadoak College is named in the Statement or Plan, such children will therefore be allocated places before the over-subscription criteria are applied.</p>
----	--

	Applications of this type will take priority over all other requests for places.
6)	Where the direct line distances are equal, the ranking of applications will be made by drawing lots.
7)	<p>Broadoak Mathematics and Computing College's First Geographical Area is shown in the attached map.</p> <p>North Somerset residents who are in any doubt about which College serves an address please contact the School Admissions and Transport Team of North Somerset Council. Each added child to the list will require the list to be ranked again in line with the above published oversubscription criteria. Priority will not be given on the basis simply of the date an application was added to the list. Children who are the subject of a direction by a Council to admit, Children in Care, Children previously in Care or who are allocated a school in accordance with a Fair Access Protocol for College places, will take precedence over those on the waiting list.
